Dear Mr. Hancock:

Re: Weber River Dist. System
Account 63-55

River Commissioner, Blaine Johnson has informed us you own water rights 35-389 & 35-910 which are, regulated under the Weber River Distribution System. The distribution account number associated with these rights is 63-55 and our records show the previous owner was Leila C. Heslop. We are enclosing, therefore, the 1993 assessment notice for the above mentioned water rights.

The distribution system is regulated by the State Engineer under authority of Section 73-5-1, Utah Code Annotated, 1953, as amended to insure orderly distribution of water based on water rights. A budget is set and assessments are made each year to meet the expenses of the distribution system including the commissioner's salary. The budget and assessments are set by the water users at the annual distribution meeting with the State Engineer. If assessments are not paid by June 1st a delinquent penalty of 10% is added.

If you have any questions, please either call Blaine Johnson at 479-5794 or John Mann at 538-7397 or myself at 538-7431.

Sincerely,

John S. Larsen
