Re: Ringwood Purchase of Vacant Land in Summit County, Utah

Dear Mr. Colessides:

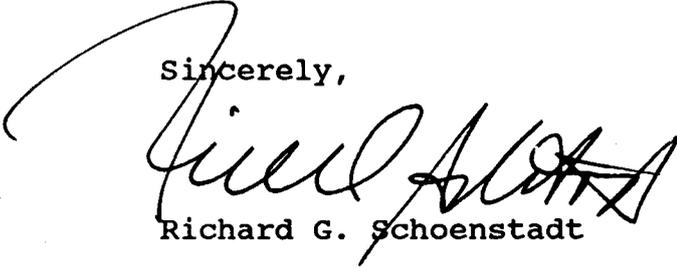

As you may recall, I represent Mr. Morton Siegel in connection with the above-captioned matter. As you know, your client purchased the subject property from mine several years ago.

I have enclosed herein a letter and a Notice from the State of Utah, Department of Natural Resources, Division of Water Rights, which indicates that there is an assessment which is allocable to the subject property. As you can see, the amount in question is quite small, however, despite our attempts to convince the State of Utah that my client no longer owns the property, he continually receives a bill. Apparently, your client never informed the State of his acquisition.

I would greatly appreciate your contacting the appropriate people in the State of Utah, Department of Natural Resources, and confirming that your client is the appropriate assessee. By copy of this letter, I am also doing same.

Of course, should you have any questions concerning the above or the enclosed, please feel free to contact me at your convenience.

Sincerely,

Richard G. Schoenstadt
