RE: Assessment for Right Nos. 653
and 698, Weber River Decree
(Account No. 75-Upper Summit)

Dear Mr. Franson:

Attached is a copy of a letter which has been sent to each of the following people: A. W. Frazier, Ella M. Martin, Joseph C. Phillips, Edward Sorensen, Albert C. Stambridge, Leland H. Stevens, Fred Georgi, and Emery Wilde, in an effort to facilitate collection of the assessment on the above right.

We feel strongly that assessing the individuals on your mutual ditch would only increase the accounting problems for us, raise the assessment to the individuals, and create problems in distributing the water to you and the other users on the Martin Ditch.

If you are unable to reach some agreement, we can, of course, assess each individual. If this becomes necessary, please notify us by letter, and we will take the necessary steps to accomplish this.

Yours very truly,

Stanley Green
Hydrologic Engineer
