Gentlemen:

RE: State Auditor's Report of audit dated
October 6, 1970
(Water Rights-State Engineer)

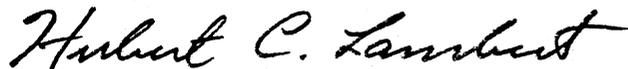

Reference is made to State Auditor's letter dated October 6, 1970 and the official audit therein pertaining to the Water Rights-State Engineer and also to the Board of Examiners memorandum dated July 15, 1969 (copy attached for ready reference).

In conformance with the above listed memorandum I personally reviewed the recommendations with the Chief Deputy State Auditor, Mr. K. B. Christenson, with the following conclusions:

The various (31) distribution water systems within the state will be advised by my staff during the annual 1971 water users meetings of these recommendations.

These results will then be discussed with both the State Auditor and the State Treasurer for whatever action is required at that time.

Very truly yours,

Hubert C. Lambert
STATE ENGINEER
