Ideal Cement Company
Devils Slide, Utah

Gentlemen:

RE: WEBER RIVER DECREE AND
DISTRIBUTION

Reference is made to our letter of October 22, 1957. We have since received from you a certified copy of a General Deed, Assignment and Bill of Sale running from Union Portland Cement Company to your company. This is sufficient for our purposes in connection with our administration and distribution of water under the above system.

We should, however, note that the office of record for a decreed water right is the County Recorder of the County in which the point of diversion is located. We may note the documents sent us are copies certified by the Morgan County Recorder and the original documents have, therefore, already been properly recorded.

We would suggest that you have now done all things that can be done under Utah Statutes to vest title in you as to Rights Nos. 286 and 288 as awarded in the Weber River Decree. We trust that the foregoing will be satisfactory.

Yours very truly

Donald Norseth
