

Notes on Meeting Between Weber River Water
Users Committee and State Engineer

*Weber River Dist
File*

Date - December 26, 1957

Place - State Engineer's Office

Purpose - To discuss consolidation of Weber and Ogden Rivers

Water Users Committee

E. J. Skeen
D. D. Harris
Felstead

State Engineer

Wayne D. Criddle
Hubert C. Lambert
Robert Porter
Donald C. Norseth

Notes

One commissioner is needed for both the Ogden and Weber Rivers due to the new reservoirs and construction which involves new exchanges for these river systems.

Ogden River Water Users Committee should be approached to determine the attitude of Ogden River Users to a consolidation.
