The Court having considered the matter, notice having been given to affected parties, and the Court being fully informed in this matter, enters this order.

IT IS HEREBY ORDERED, ADJUDGED AND DECREED:

1. That the 2009 report of the administration of the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek is approved, as submitted and filed herewith.

2. That the 2010 budget, with schedule of assessments, is approved, as submitted and attached hereto as "Exhibit A".

3. That Leland L. Carter is appointed to serve as River Commissioner of the Lake Fork River, Yellowstone River, and Sand Wash Creek, for a period of one (1) year.

4. That the Committee for the Lake Fork River, Yellowstone River, Sand Wash Creek is authorized to appoint a temporary replacement should the River Commissioner be unable to complete the one (1) year term.

5. That the proposed 2010 Schedule of Distribution of Waters of the Lake Fork River, Yellowstone River, and Sand Wash Creek is approved, as submitted and attached hereto as "Exhibit B".

6. That the following provisions set forth in the 1998 Interim Order be reaffirmed and made effective for the year 2010:

a. That the River Commissioner be directed to distribute the water of the streams and reservoirs involved in accordance with this Court's Interim Order and to do all things necessary for the

proper and correct measurement, diversion and distribution of said waters, in accordance with the Decrees of the Federal District Court and state laws.

b. That the River Commissioner is directed to confer with the committee in developing a schedule for distribution of water, specifically, the manner in which the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek, and their tributaries, should be distributed, after consultation with the State Engineer, and shall submit an annual Interim Distribution Order to this Court for its consideration.

c. That the River Commissioner is directed to deliver and distribute the waters of such non-Federal water rights in the Lake Fork River, Yellowstone River, and Sand Wash Creek, in accordance with the proposed Schedule of Distribution, attached hereto as "Exhibit B".

d. That the waters for the Federal and non-Federal water rights be distributed in accordance with the terms and limitations of the 1923 Federal Court Decrees in cases numbered 4437 and 4418.

e. That the River Commissioner is instructed to work with the committee to prepare a recommended budget for the next year. Said recommended budget is to contain assessments to be made, monies to be received, along with a report of expenditures.

f. That the River Commissioner is authorized to manage the budget, to implement the ordered assessments and collection of

assessed amounts from the non-Federal water user organizations or water users, and request assessment and collection from the Bureau of Indian Affairs on the Uintah Indian Irrigation Project, in accordance with the approved budget and schedule of assessments.

g. That any person or entity, that is a water user in the subject rivers, or otherwise affected by the actions of the River Commissioner, may petition and appear before this Court (about the assessment amounts, the manner in which the water is distributed and/or any other claim relating to the distribution of water). In the event there is a violation of the Court's Order or any part of this Petition or, in the opinion of the River Commissioner, the occurrence of the unauthorized use of water, the River Commissioner is directed to recommend to this Court a solution to the problem, including any remedy to be imposed on the unauthorized water user or violator of the Order.

h. That if a non-Federal water user fails to pay any assessments levied, when due, that water users further use of water be prohibited.

i. The job description of the River Commissioner shall include duties and responsibilities as follows:

The Water Commissioner should to acquire knowledge of all water rights under his jurisdiction. These water

rights will then be distributed to water companies in a timely and fair manner. All water delivery will need to be recorded and presented as requested by water users and state entities with the inclusion of a final year end report.

The River Commissioner is responsible for all water changes and must be available on a daily basis. The River Commissioner will physically open head gates and make sure that measuring devices are accurate and that recording devices are working properly. He will periodically check recording devices as required throughout the season, or more often if necessary.

The River Commissioner will monitor rivers in his jurisdiction to determine when flows need to be changed. All canal companies' use, no matter where the water comes from, needs to be recorded and reported weekly.

The Commissioner will be responsible for payment of bills. All checks must be cosigned by a member of his River Committee. Any purchase over \$200.00 must be pre-approved by the River Committee.

WATER RIGHTS  
SALT LAKE

A weekly report of water usage for each company should be mailed to the company or made available on the internet.

The River Commissioner may find inappropriate water usage on the river. It is his responsibility to reduce this and, if possible, eliminate it. This may include resolving conflicts with individuals, getting help from the River Committee, involving the State Engineer's help or ultimately involving the State District Court. The methods used to resolve the problems should start easy and simple and pleasant as possible and go on to the next stage only as needed.

The year end report needs to be accurate and complete for all companies and ready for the River Committee budget meeting no later than December 1st.

DATED this 27 day of May, 2010.

2010 Lake Fork River Committee Meeting

Lynn Burton called the meeting to order. Those in attendance are Lynn Burton acting as president, Roger Ames and Dale Thomas members of Lake Fork River Committee and Leland Carter Lake Fork River Commissioner. Lynn explained that in the past, the river committee president was rotated amongst the 3 river committee members or however the committee would like to elect the president. Lynn Burton asked previous notes to be read. Leland Carter read last years notes. Reviewed off river automation labor, mileage cost, last year fiancé and budget.

Lynn Burton asked if there was a motion for minutes. Roger Ames made the motion that last years minutes be approved Dale Thomas seconded it motion passed unanimous.

Lee was asked to explain Milk Lake the amount of time dealing with it verses doing my job on the river for a couple days. There is a possible that this water right will be sold and may be easier to deliver. Lee explained a brief history of Milk Lake, the deliver through the us Lake Fork, the dam safety problem, the forest involvement and the actual deliver from dam to us Lake Fork.

Dale Thomas ask if the off river repairs and maintaince might get out of hand for lee. Roger Ames explained the amount of sites on B canal and the amounts of sites of the us Lake Fork. Lynn Burton said that if all off river sites got as big as c we could have problems. Lee said that we were okay so far but conceded that in the future that it may get beyond me. Roger Ames said we'll have to watch this closely and deal with it, if it happens. Also mention that Dex Winterton with the Duchene Water Conservation District is a good source to help if he is not tied up in other project.

Lynn requests that we take a look at the commissioner report. Lee talked about two reports the budget& expenditure and the financial. After review the financial the committee requested the savings be moved to a cd.

Lynn requests that we review lee's two fiscal reports. Lee briefly described the two reports. One report is all itemized fiscal transactions by account example all phone bills together, the other report was each fiscal transaction by day as it accrued. After review Dale made a motion to approve financial reports, Roger Ames seconded it, motion passed unanimously.

Lynn asked on future automation sites. Lee explained the redcap height reading was partial done, the water that exist the sand wash pipeline to go to redcap, Ute land, and Purdy is still to be done. Committee suggested following up in future with sand wash creek flume and automation.

Committee wants to determine if a minimum assessment for all companies is feasible. Bring it up with associate meeting and check with Gale Mckacknie.

Lynn requested that we review the budget and assessment. Lee explained a few changes from last year. An added category would be training or seminar training cost for the lake
