Dear Lee:

The water users of Hobble Creek in Utah County are in support of the proposition to appoint a river commissioner to administer the water rights of Hobble Creek and its tributaries. We hereby request an information meeting in Springville or Mapleton as soon as possible with you, or your designee, to outline and describe in detail the procedure for establishing a river commissioner.

Please contact Marlin Boyer at 234 West 700 South, Springville, Utah 84663, phone # 801-489-9362, to set up a time and place for the meeting.

Sincerely yours,

Albert Harmer, President  
Springville Irrigation Company

Calvin Crandall, President  
Springville Irrigation District

Alan Ellis, President  
Mapleton Irrigation Company & District
