April 5, 2001

Ordell Simper  
Grouse Creek UT 84313

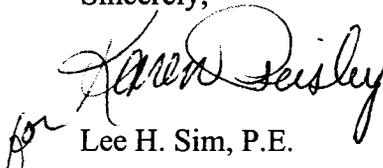

Dear Mr. Simper:

During this past year, we received a written request for an investigation of the distribution of water rights on Raft River and its major tributaries. A meeting was held on March 2, 2001 with the water users on those tributaries to discuss the situation and the possible options for resolving the concerns.

Enclosed is a letter which summarizes the discussion at the meeting and presents a possible solution. The letter was sent to the water users in attendance at that meeting. At the meeting it was mentioned that perhaps your water use on the tributaries to Junction Creek should also be involved in the proposed regulation.

You are invited to attend the meeting described in the attached letter. If you should have any questions concerning these issues prior to the meeting, please contact me at (801)538-7380 or Bob Fotheringham, Regional Engineer, at (435)752-8755.

Sincerely,

  
for Lee H. Sim, P.E.
