George Creek Distribution Meeting
Minutes

March 16, 1982
Yost, Utah

The 1982 George Creek meeting was called to order by Mike Turnipseed of the Logan office of the State Engineer at 1:30 p.m. It was snowing heavily with an accumulation of approximately 8" on the ground. Comment was made that it was one if not the heaviest snowfalls of the winter.

Mr. Turnipseed, acting as chairman, read the minutes of the George Creek meeting for 1981. Stan Spencer moved to approve and with no corrections, the minutes stood as read.

The financial statement was presented by Mr. Turnipseed, indicating that as of December 31, 1981, the balance of Distribution Trust Fund for the system stood at \$795.91. The reserve amount was discussed and it was generally agreed that the balance should probably not go below \$500 to insure working capital for the system. Mike Spencer moved to accept the statement with Darwin Thompson seconding the motion. Motion carried.

An amount of \$1520 was accepted as a proposed budget for 1982 with an 1982 assessment to be set at \$1200. The \$320 to be taken from the reserve account. Motion to that affect was made by Mike Spencer and seconded by Stanley Spencer. Motion carried.

Commissioner Mike Spencer presented his 1981 Distribution Report and indicated 1981 was one of the dryest ever recorded. However, with the current snows and snow pack, 1982 should be considerably better. Mike Spencer indicated that he needed a new measurement book which Mr. Turnipseed assured he could supply.

Lloyd Richins made a motion to nominate Mike Spencer for Water Commissioner for 1982. Norman Thompson seconded. Motion carried. Mr. Turnipseed indicated

Deputy State Engineer/Earl M. Staker Directing Engineers/Harold D. Donaldson • Donald C. Norseth
Stanley Green • Robert L. Morgan
