March 27, 2002

TO THE MEADOWVILLE WATER USERS:

At the annual meeting held on March 22, 2002 there was quite a bit of discussion about whether the area should continue as a distribution system with regulation by a water commissioner. The decision was made to continue for another year, however, concern was expressed about the Financial Report, the method for paying the commissioner and the method for making assessments to each water user. The request was made that another meeting be held to specifically address these issues.

Therefore, in accordance with this request, a meeting will be held on **Wednesday, April 3, 2002, at 10:00am** to discuss the issues outlined above. The meeting will be held at

**Garden City Offices  
145 W. Logan Rd.  
Garden City, Utah**

To help you prepare for the meeting, I have enclosed the following information:

A copy of the 2001 Financial Statement. The corrected statement requires a somewhat involved explanation so I would prefer to pass it out and make the explanation at the meeting. Linda Willis has paid her assessments and the actual current balance in the account is \$551.20.

A copy of the letter that was sent out to the water users on April 25, 2001 which explains the budget that was set at that time and the basis for paying the commissioner that was agreed.

A copy of the spreadsheet that shows the assessments to each water user and gives somewhat of an explanation of the method of calculating the assessments that was used last year.

I hope that you will be able to attend the meeting. Your input will be very helpful in determining the course we will take with the system in the future. If you have any questions prior to the meeting, please contact me at (801)538-7380.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lee H. Sim".

Lee H. Sim, P.E.  
Assistant State Engineer for Distribution
