SUBJECT: ASSIGNMENT OF NUMBER FOR BIG SAND WASH DISTRIBUTION
SYSTEM *1-25-94 on Database. Not on Systems List.*

The reactivation of the Big Sand Wash Distribution System requires that a number be assigned and an accounts system be set up for this system. We have decided that the system should be assigned the 07 number that was vacated when the Burnt Fork/Beaver Creek Distribution Systems were combined to become Henry's Fork Tributaries.

Could you please do this soon so that accounts can be set up for the assessment of the users on this system.

Thanks for your help and attention to this matter.
