Re: Big Sand Wash Creek Distribution System Water Users

Dear Mr. Morgan;

The Board of Directors of the Associated Water Users have instructed me to write asking that you set a public meeting to be held, if convenient, on Tuesday, March 29, 1994 at 11:00 a.m. for the purpose of expanding the scope of the Commissioner's responsibility to the whole drainage area of the Big Sand Wash Creek system.

The time for this meeting was discussed and set at the annual Big Sand Wash Distribution System meeting with Mr. Sim, Ms. Adkins and Mr. Larsen in attendance. I will assume that your office will notify all those concerned.

We would appreciate your efforts in this matter of concern.

Sincerely,

Carolyn Winterton,  
Secretary
