Re: Big Sand Wash Creek Distribution System Water Users

Dear Mr. Morgan;

A commissioner on Big Sand Wash was appointed in 1979, as outlined in Civil No. 5723 (Sand Wash Irrigation Company, vs Dry Gulch Irrigation Company & Moon Lake Water Users Association).

It was our understanding that the Commissioner's jurisdiction covered the full Sand Wash Creek distribution system, both above and below Sandwash Reservoir. If this is not correct, the Board of Directors of Dry Gulch Irrigation Co. would like his jurisdiction to be extended to the entire reach of Sand Wash Creek.

We would appreciate a response in writing to this matter. Thank you for your help.

Sincerely,

Carolyn Winterton

Carolyn Winterton,
