Re: Uintah and Lakefork River Commissioner

Dear Mr. Morgan;

The Board of Directors of the Associated Water Users met on March 15, 1994. At this meeting they discussed the possibility of having the River Commissioner position made a state appointed one.

We would appreciate it if you would take the necessary steps to pursue this possibility. As discussed in the meeting, we are planning on having a public meeting to present and discuss this proposal. It has been set for Tuesday, March 29, 1994, at 1:00 p.m. in the Dry Gulch Irrigation building and all member companies have been notified.

Sincerely,

Carolyn Winterton

Carolyn Winterton,
Secretary
