MEMORANDUM

TO: Donald Norseth
FROM: Robert F. Guy
DATE: June 16, 1967
SUBJECT: Distribution - West Fork Beaver Creek

Reference is made to your Memo of June 9, 1967 on the above subject. As requested, I rechecked the acreage for the listed individuals. The results are shown on the enclosed plat which also shows the acreage in each 40 acre tract. I did not include any acreage that was supplemented with water from Wyoming rights, Poison Creek or the Middle Fork of Beaver Creek.

You will note that the acreage totals differ in every case. The only way that I can account for the difference would be that the property ownership you used is different from the property ownership I used. However, you can check the plat I prepared against the maps you used.
