Dear Jim:

Re: Burnt Fork/Birch Creek
Schematic Maps/Priority Sch.

Enclosed are the schematic maps and priority schedules which I could find in our files relating to Burnt Fork/Birch Creek. Unfortunately, we don't have much information. If you would like we could also send you a copy of the hydrographic survey maps of the area; however, these may be more useful after we have been able to correlate adjudicated acreage with the State of Wyoming.

Also enclosed are several voucher slips which you can use to request payment for commissioner salary and mileage for May and June. As we discussed Friday, 40% of the annual salary would equal \$300.00. The travel expense is paid @ \$.25/mile. I have partially filled out a voucher as an example.

Also enclosed are 25 commissioner tags which have been signed by the State Engineer.

I hope things go well for you as we make the transfer to the new system. If you have any questions, please contact me at 538-7380; otherwise, I will see you on our tour on August 4th.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Lee H. Sim'.
