Lee H. Sim, P. E.
Directing Engineer Adjudication/Distribution
State of Utah Dept. of Natural Resources
Division of Water Rights
1636 West North Temple, Suite 220
Salt Lake City, Utah 84116-3156

Dear Mr. Sim:

Submitted herewith is an invoice voucher for my 1990 Utah travel.

In addition I am submitting this letter of resignation as Water Commissioner for the Burnt Fork-Beaver Creek. Sometime ago I suggested in our spring meeting at McKinnon, that the Burnt Fork-Beaver Creek be split up. Utah agreed with this recommendation, but Wyoming did not. I still feel that the job should be divided in order to more effectively administer the water demands and responsibilities on these two watersheds.

If the split or division is made, I would like to be the Burnt Fork Water Commissioner. However, the salary needs to be raised to \$3,500 - \$4,000, plus travel. I suggest that Mike Hickey, Lonetree, Wyoming, be contacted for the Beaver Creek Water Commissioner at a salary of \$4,000, plus travel.

Sincerely,

Steve B Wilkinson
