

July 8, 1953

Mr. Isaac A. Bullock,  
Mr. Harry Buckley,  
Mr. G.W. Bullock,  
Lone Tree, Wyoming

RE : BURNT FORK DIST.

Gentlemen:

This will advise you that Mrs. Isaac Bullock called on me yesterday, complaining over the method and manner of division of water by George Stoll, Water Commissioner for Burnt Fork in Utah and Wyoming.

Because of this complaint, together with that of others, I am sending my assistant Reid Jerman to investigate the matter.

Mr. Jerman will call on you either Monday or Tuesday next and discuss with you anything in the way of complaint which you have to offer and likewise will take the matter up with Mr. Stoll and then take such action as the facts in the case may justify.

Yours very truly,

T.H. Humpherys,  
STATE ENGINEER
