

July 11, 1940

Hoop Lake Reservoir Company
c/o Mr. Henry Heiner, Secretary
McKinnon, Wyoming

Gentlemen: REL: BURNT FORK DISTRIBUTION

This will acknowledge receipt of your letter of July 2, 1940 in which you request the appointment of a Water Commissioner in the person of Ray Stoll and Frank Gregory, as first and second choice, respectively. Your check for \$5 to be used as a bond was also enclosed.

You were written under date of June 29 with request that you remove the obstruction placed in the West Branch of Burnt Fork creek and thus eliminate the interference of the water of that creek. No doubt you have or will do this and as soon as you will have complied with the request, the necessity for the appointment of a Water Commissioner will be eliminated. Your check, therefore, is herewith returned.

Yours very truly,

T. H. Humpherys
STATE ENGINEER
