Salt Lake City, Utah.

Dear Sir:

I am writing in regards to the water that has been used on the Geo. Sadlier place in Daggett County Utah.

The ditch was started from Burntfork Creek in the year 1902 and finished in the year 1903. The water has been used on this place since then. There is no record of water filing recorded but I think we have used it long enough that we are entitled to some of it.

When the water got short last year Mr. Bullock "Utah Comm." didn't turn any out for this place from the Burntfork Creek. I was wondering if it would be possible to have Mr. Bullock turn same this summer.

I would surely appreciate it if you would inform Mr. Bullock as to this matter.

Yours very truly,

Claude W Sadlier  
Mc Kinnon
