

June 17, 1936

Mr. Bartly G. McDonough,  
Summit County Attorney,  
c/o County Clerk,  
Coalville, Utah.

Dear Sir:                   REL: BURNT FORK DISTRIBUTION

In keeping with my promise to you this morning, I am forwarding herewith blue print of map showing geographic location of the Utah canals diverting from Burnt Fork, Summit county.

For your information I am also enclosing copy of a letter written by David P. Miller, supervisor of Water Division No. 4, Wyoming, which embraces the Burnt Fork District, Wyoming, to State Engineer Burritt, - which pertains to the Jensen case.

I am sure the letter is self-explanatory and will give you an idea of the attitude Wyoming Water Officials are taking relative the Jensen disturbances.

Yours very truly,

T. H. Humpherys,  
STATE ENGINEER
