

August 8, 1956

Emil C. Gradert
Superintendent Water District #4
Fort Bridger, Wyoming

Dear Sir:

RE: BURNT FORK DISTRIBUTION

Here are the results of the current meter measurements made June 22, 1956, on the ditches listed below.

Burnt Fork below Interstate Diversion Point	29.999 sec.-ft.
Ike Canal - Flume	9.493 sec.-ft.
Upper Gamble Ditch - Flume	5.742 sec.-ft.
Interstate Canal - Flume	14.086 ac.-ft.
Highline Canal	6.780 sec.-ft.
Indian Spring Ditch	4.696 sec.-ft.

These readings are based on field computation as checked and corrected at this office.

Yours very truly,

Joseph M. Tracy *LCM*
STATE ENGINEER
