

January 5, 1959

Mr. Earl Lloyd
State Engineer of Wyoming
Cheyenne, Wyoming

Dear Mr. Lloyd:

RE: BURNT FORK DISTRIBUTION

The annual meeting of the Burnt Fork Water Users is tentatively scheduled for Thursday, March 5, 1959, at 3:00 p.m. in the Courthouse in Manila, Utah. We would like to invite you to again attend if your schedule permits.

We wish to know if the arrangements of last year proved satisfactory to you and if you feel they might be continued. We particularly would like to have your ideas as to whom you might have in mind for commissioner for 1959.

Should it be desirable to change men, Mr. Jim Briggs of Manila has been suggested as a possible candidate. He seems to be qualified and could probably do a good job in this capacity. However, before we make any contacts, we wish to have your ideas on this matter.

Also, we would like to know if the financial arrangements of last year were satisfactory to you and whether you wish to continue using a joint commissioner as in the past.

Your consideration of these matters and advising us of your desires, will be appreciated.

Sincerely,

WDC/esa

Wayne D. Criddle
