Mr. Louis Stoll
Burntfork
Wyoming

Dear Lou:

Re Burnt Fork

I am happy to hear that things are progressing smoothly on Burntfork and plan to be in the area at my earliest convenience.

We will be particularly interested in the day that Island Park is opened and the amount of water released at that point. At that time, if Lost Creek Reservoir is released, it will be necessary that we know that quantity also.

I am glad to hear that you are keeping good records and will see you at my earliest opportunity.

Sincerely,

Donald C. Norseth
DISTRIBUTION ENGINEER
