Mayor W. Scott Mitchell
Parowan
Utah

Dear Mayor Mitchell:

An extract from the minutes of the annual Stockholders Meeting of Paragonah Canal Company held February 4, 1957, A notation in the minutes regarding the waste of water caused by Parowan City Power Plant was brought to the attention of those present. After considerable discussion it was motioned by J. Leonard Topham, seconded by T.A. Robinson, that we take actions necessary with Parowan City to eliminate all waste of water caused by the installing of their Power Plant, motion carried unamously.

We hope you are in a position to take care of this at an early date.

Yours very truly,

PARAGONAH CANAL COMPANY

E. C. Robinson Sec.
