Mr. Harold A. Linke, State Engineer,  
State Capitol, Salt Lake City, Utah.

Dear Sir:

RE: WATER COMMISSIONER FOR EAST  
FORK OF VIRGIN RIVER.

As secretary for the Water Users Association of Long Valley in Kane County, Utah, I have been instructed by the executive committee of this association to write to you and request that a meeting be called by you and the notices for the same be sent out from your office, for the purpose of selecting someone to be recommended to you for appointment as Water Commissioner on this the East Fork of the Virgin River for the irrigating season of 1951.

We would like to suggest that Fri. March 30, 1951, at 7:30 P.M. at the home of Marcellus Johnson in Glendale, Utah, be set as the time and place for the said meeting. If it is necessary to set the date farther ahead in order to give legal notice to the water users that will be OK but not farther than necessary.

As in other years I am including in this request a list of the water users who are directly concerned in the appointment of a Water Commissioner. The other rights on this watershed are comparatively independent and seldom, if ever, require the services of the Water Commissioner to define their rights.

Some of the names now are not as given on the Court Decree but the numbers show the rights as given in the Virgin River Decree.
