

Mt. Carmel, Utah.  
June 15, 1947.

Mr. Ed. H. Watson, State Engineer,  
Salt Lake City, Utah.

Dear Sir:

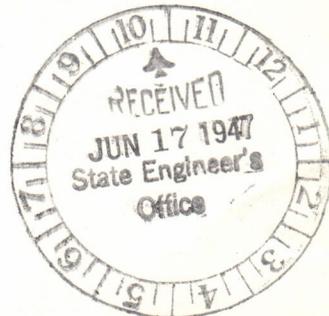

You will find inclosed herewith a copy of the minutes of the water users meeting which was called to appoint a Water Commissioner. You will note that the attendance at this meeting was rather small. But, as you know, all were invited to attend.

Mr. Anderson hasn't had much experiene in this line of work but he has agreed to tackle the job, and the rest of have agreed to help him what we can.

I hope you will find these minutes OK and appoint the Commissioner right away. Inclosed you will find a \$5.00 check to pay the premium on his bond.

Sincerely,

*Burt Anderson*
