

THE STATE OF UTAH

OFFICE OF STATE ENGINEER

SALT LAKE CITY

January 26, 1937

T. H. HUMPHERYS

STATE ENGINEER

Mr. W. S. Carpenter,
Glendale, Utah

Dear Sir: REL: LONG VALLEY

In response to several requests from Water Commissioners, enclosed herewith is a table showing the cost for blueprinting or mimeographing your annual report. It will be noted from the table that for less than fifteen copies, blueprinting is cheaper, while mimeographing is more economical where more than fifteen copies are desired.

Prices quoted in the attached table include binding. Prices of mimeographing are based upon actual cost to this office for supplies and time of stenographers at their actual monthly wage rate. It may so happen that you are in a position to have your report duplicated for less than the amount quoted, in which event, you should have it done. Prices quoted are for your information and guidance only.

If you desire this office to duplicate your report, the cost will be as shown by the attached schedule, providing the material is typewritten. If written in longhand requiring editing, the cost will be increased in accordance with the amount of additional time required.

Yours very truly,

T. H. Humpherys
STATE ENGINEER
