Credit F. R. Major

W. S. Carpenter

THE STATE OF UTAH  
OFFICE OF STATE ENGINEER  
SALT LAKE CITY

T. H. HUMPHERYS  
State Engineer

Mr. R. F. Major  
Glendale, Utah

Dear Sir:

I desire to call your attention to the fact that your assessment for distribution costs on the.....  
Long Valley river system in the sum of \$.....;  
also \$ 2.10 for the season of <sup>1929</sup> 193~~0~~ and \$..... for  
193~~0~~ has not been paid.

The Water Commissioner perhaps was never called on to do more, nor has he been under greater expense in making water distribution than at this time, his salary and expenses therefore, should be paid as due. This cannot be done unless the assessments be paid promptly, since the State Engineer has no contingent fund with which to meet this expense, - not even temporarily.

Please let us have your check by return mail.

Yours very truly,

T. H. HUMPHERYS,

State Engineer.

The amount of this notice represents the amount of your delinquency prior to the year 1930. Inasmuch as the notice mailed you recently included only the years from 1930 to 1934 kindly remit the amount of both notices and clear your record with this office.
