

June 8, 1931.

Mr. Birt Gardner,  
Mt. Carmel, Utah.

Dear Sir:

RE: LONG VALLEY DIST.

I have your letter of June 2 and enclose leaflet with reference to construction of Cippoletti weirs, also a bulletin on the measurement of irrigation water which, I think, will serve your purpose.

The decree covering the rights in Long Valley gives the rights in cubic feet per second but not in shares and, as you probably have not a copy of that portion of the decree, dealing with Long Valley, I am enclosing one herewith.

You will note some red ink corrections which are made to comply with the Court order of January 3, 1931, which was the date of the final hearing on the Virgin River adjudication.

Yours very truly,

State Engineer.
