Parowan Valley Water Users

The State Engineer from 1967 has been reading the meters and checking the water use in Parowan Valley. In 1969 a general water users meeting was held February 6 to discuss the taking over by the water users of the distribution system. At this meeting a budget was set up and the mechanics of selecting a commissioner promulgated. We have appointed as your water commissioner Mr. Norman Day of Parowan.

Enclosed you will find an assessment notice that is your pro rata share to defray the expenses of your distribution system during the coming year. We would like to request prompt payment so that Mr. Day may receive his remuneration without delay.

We appreciate your cooperation.

Yours very truly

A handwritten signature in cursive script that reads "Hubert C. Lambert". To the right of the signature, there is a small handwritten mark that appears to be "H.C.L." or similar initials.

Hubert C. Lambert
STATE ENGINEER
