ANNUAL MEETING OF THE ASSOCIATED WATER USERS  
OF THE DUCHESNE AND STRAWBERRY RIVERS  
WITH THE STATE ENGINEER AND THE  
UINTAH INDIAN IRRIGATION PROJECT REPRESENTATIVES

This meeting was called to order in the Duchesne County Court Room on March 12, 1969 by Don Norseth, representative from the State Engineers office. With Mr. Norseth was Robert Guy, Area Engineer of the State Engineer from Vernal, John Bene and Frank Reese,

Don Norseth reported that the State of Utah, as a whole, had received an enormous amount of snow fall during the last winter, and that perhaps the most critical water problems in the immediate future could be the flood threats throughout the state.

Mr. Norseth reported that the meeting had been called for the following purposes:

1. Hearing the minutes of the 1968 meeting.
2. Hearing the financial report for 1968 as prepared by Mr. Frank Reese of the State Engineers office.
3. Hearing the 1968 Water Commissioner Report.
4. For preparing a budget of expenses and receipts of the Duchesne and Strawberry Distribution system, and for making recommendations to the State Engineer, for a Water Commissioner for the 1969 season.

With this introduction the time was turned to the president of the Duchesne and Strawberry rivers water users, Mr. Ray Thomas. Mr. Thomas called for the 1968 minutes, they were read by Leland Wright. After hearing the minutes there was a motion made by Frank Liddell, and seconded by Harvey Gee that the minutes be accepted as read. The motion passed.

WATER COMMISSIONER'S REPORT

Leo Brady 1968 Water Commissioner for the Duchesne and Strawberry Water Users reported that the 1968 season had been a good one for the water users of this system. He reported that up until the 15th of August there was no regulations required the delivery of water. This was only a short period of time which wasn't any problem for the water users. Mr. Brady reported that he could see no possible delivery problem for the year 1969. He also reported on the progress of the Starvation Storage Unit, stating that it would of been advantageous to have been able to store some of the expected excess run off that will flow in the streams this spring in the reservoir. However, if construction goes as scheduled completion will be made this fall and storage should be able to be started at this time.

Mr. Brady reported on the measuring devices which he and Mr. Guy had been assigned to work on by the State Engineer at the 1968 annual meeting. He stated that he and Mr. Guy had spent some <sup>TIME</sup> report on the distribution system regarding the measuring devices during the year 1968. That the measuring devices were in the same category as reported in the 1964 Commissioner's report with the State Engineer.

#### ADJUDICATION

A question was asked from the floor as to the progress made on the adjudication of water rights on the Duchesne and Strawberry rivers. Mr. Robert Guy reported that during the past year Leo Brady had been working with him regarding the adjudicated rights of the users in this area. He reported at the present time they were working on the Strawberry drainage area. He anticipated that this would be completed by July 1st.

The goal for the people on the Duchesne drainage was set for December of this year. Mr. Guy related the time involved and the detailed reports that was involved in getting this ready for adjudication.

Also discussed was the anticipated trouble that would be brought upon the water users of disturbing the natural streams along in this area. Especially concerned were the users of the Rocky Point Ditch Co. of the silt and debris from the Benson Draw area, immediately below the Knight's Diversion tunnel.

A motion was made by Harvey Gee, seconded by John Munz that any potential trouble resulting from distributing a natural stream flow be the responsibility of the Bureau of Reclamation or the Central Utah Project.

#### APPLICATION FOR THE 1969 WATER COMMISSIONER

At this time the application of Mr. Brady was presented. (Copy of letter follows:

Mr. Ray Thomas  
Chairman of Board  
Duchesne & Strawberry Rivers Water Users Ass'n.

Dear Mr. Thomas:

I would like to make formal application to serve as Water Commissioner on the Duchesne & Strawberry Rivers distribution system during 1969 year.

I would also like to take this opportunity to express my sincere appreciation for the support and assistance rendered during the past year. I look forward to continuing this relationship in the future.

Resp. Yours,

S/ Leo L. Brady  
Water Commissioner

No other applications were submitted. A motion was made by Melvin White to accept the application of Leo L. Brady, and recommend to the State Engineer that he be appointed Water Commissioner of the Duchesne and Strawberry Rivers distribution system for the year 1969. This was seconded by Harvey Gee.

Mr. Don Norseth responded in behalf of Hubert C. Lambert, State Engineer, and reported that they had been pleased with the work done by Mr. Brady in the past, and would be happy to appoint Leo L. Brady for Water Commissioner for the coming year.
