WATER RIGHTS

MEMORANDUM

TO: Donald C. Norseth, Distribution Engineer
FROM: Gerald W. Stoker, Area Engineer
SUBJECT: Alvey Wash Distribution System

The annual water user meeting for the Alvey Wash Distribution System was held on April 14, 1983, at 11:00AM in Escalante, Utah. Because of health reasons I was not able to attend but I did call ahead and alert Melvin Alvey and Leo Wilson to that condition. They met at the Double D Cafe and waited until 12 Noon for the other users to appear. Apparently, the other users chose not to attend and Melvin and Leo went home.

Melvin called our office this afternoon and discussed the system and both he and Leo agreed that we should continue in 1983 as we have the past few years. That is, No assessment and pay for the services of the water commissioner out of the reserve (\$1,045.28 as of December 31, 1982). Melvin will send in a voucher for services rendered during 1982 season along with the record of measurements compiled during that period.

I'm sorry I wasn't able to meet my commitment on the meeting schedule but I'm also very glad that I didn't drive 300 miles to have a one-on-one conference. I figure that by missing the meeting I saved the State of Utah about \$250.00 and saved myself an aching back. If you have any questions on this system give me a call. The flow record and voucher will be sent in as soon as I receive them. Thanks,
