MEMORANDUM

To: Distribution System Commissioner N

From: Robert Morgan, Directing Dam Safety Engineer
Richard Hall, Directing Distribution Engineer

Re: Dam Regulation and Inspections

Attached is a list of reservoirs located within the boundaries administered by our AO Area Office in which your system is located. Please let us know which dams are on your system. Also let us know if:

1. you regulate releases from such dams independently,
2. you make releases only on request from the dam owners,

OR

3. you are not involved in the dam operation at all.

Enclosed is a stamped, self-addressed envelope for your use in providing this information.

If you are interested in attending the dam inspections for any that are on your system, please let us know so that we can send you a notice. You should be aware that there are no additional distribution system funds at present to pay for such trips.
