Dear Gerald:

Enclosed is a copy of a letter from Sam Cline suggesting two candidates for the commissioner's position for the Alvey Wash Distribution System. Try to contact these men, and then let me know which one you would recommend.

In addition, I was going to meet with Jim Ward in St. George prior to his taking over the Santa Clara Distribution System. He will need the monthly report forms and the map I gave Wilford Holt so that he will have an idea of the system's contents and boundaries. Please obtain the forms and map from Wilford.

Also enclosed is a copy of the water use report for 1969 from Veyo Culinary Water Association.

Yours truly,

Donald C. Norseth
