

Nine-Mile Creek Assessment

The assessment is levied on instantaneous headgate measurements--these measurements to be made by the Division of Water Rights, Southeastern Area Office personnel. The individual assessments are calculated by dividing the summation of the headgate measurements into the total annual budget to obtain a standard rate. This standard rate per second-foot is then assessed to each individual account.

Term of Commissioner

The commissioner's term of duty shall begin April First and extend for one year or until a successor is appointed.

Disbursement of Funds

Funds shall be expended by the State Engineer as set out in the budget by submission of voucher by the water commissioner. Retirement, income taxes, social security taxes, and all other taxes and insurance shall be dispensed as set by statute.

- A. Overexpenditure of any budget item shall be by submission of a voucher which has been signed by the chairman and approved by the distribution engineer of the Division of Water Rights.
- B. Special budget items will be paid on submission of a voucher signed by the chairman and approved by the distribution engineer of the Division of Water Rights.

Reports

The commissioner will submit four copies of his annual report to the Division of Water Rights by March First of each year. Other reports will be submitted as specified by the water users on a current basis.
