April 5, 1978

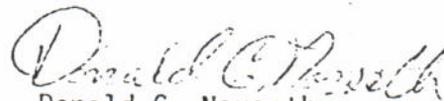

TO ALL WATER USERS OF ROAD CREEK DISTRIBUTION SYSTEM:

A meeting was scheduled with your system April 4, 1978 at 11:00 a.m. in the County Courthouse, Loa, Utah. In attendance was only Claire Okerlund. We discussed the water situation and the effect of the sprinkling system now in operation. It was our thought that the need for a commissioner may not be present and we set up the following procedure.

1. We will not levy an assessment in 1978.
2. Mr. Grant Chappell will be appointed to handle any problems that may arise at specific diversion points.
3. If a major dispute occurs, we will meet with the water users and set up a distribution system as in the past. If Mr. Chappell is called to settle a dispute we will pay his remuneration from the reserves held in trust for your system.

We trust this procedure meets with your approval, but if you wish to continue under an organized distribution system, contact us so that we might get your ideas.

Sincerely,

  
Donald C. Norseth  
Directing Engineer
