RE: Assessment Account Nos.
48 and 62

Dear Mr. Anderson:

At the last annual meeting we briefly discussed some assessments that we are having trouble bringing up to date. The first one is Account No. 48, Wentz No. 42, Water User Wesley B. Jarvis. This assessment amounts to \$15.00 from 1966 to 1969. The second one is Account No. 62, Wentz No. 47-L, Water User Reno Memmott. This assessment for 1968 and 1969 amounts to \$7.00. We have not been able to connect the present users up with the decree or with Mr. Jarvis or Mr. Memmott.

I would appreciate you passing this around to the committee, and give us the benefit of any information that you have. Enclosed is a letter from Hugh McKellar and the two assessment notices. If we can't hook this up by the next meeting, then I would suggest that the committee as a group delete these from the rolls.

Yours very truly,

Donald C. Norseth
Directing Hydrologic Engineer
