

GEORGE CREEK DISTRIBUTION SYSTEM

\*\*\* 1978 WATER ASSESSMENT \*\*\*

\$ 1,650.00

FORWARD:

As per the minutes of the 1978 Annual Water Users meeting held on March 15, 1978, it was decided to set the 1978 assessment in the amount of \$ 1,650.00.

CALCULATION OF ASSESSMENT:

As per the attached note of Donald C. Norseth, it was reported that during 1977 the amount of 2,682.30 acre-feet of water was diverted. It is this amount the 1978 Water Assessment is based. Therefore, the acre-feet as reported as diverted used by George Creek Irr. is 58% and the acre-feet as reported as diverted used by Wallace Spencer is 42%. Therefore, these percentages multiplied times the amount of \$ 1,650.00 equals each 1978 Water Assessment as follows:

George Creek Irr. Co. equals	\$ 957.07
Wallace Spencer equals	\$ 692.93

TOTAL 1978 ASSESSMENT equals \$ 1,650.00
