Mr. Frank Reese
OFFICE

RE: Water Commissioner for 1969 on the
Burnt Fork-Birch Creek and West Fork
of Beaver Distribution Systems

Dear Mr. Frank Reese:

At the meeting of March 10, 1969, we set up the same budgets and made the same arrangements as in 1968. It was uncertain at that time if Mr. Willard Stringer was still available for commissioner of these systems. He notified me today that he would be available and would be living in the Mountain View Area again in 1969 and would accept the job. We will therefore appoint Mr. Stringer as commissioner of these systems as per the arrangements set up at the meeting.

I believe that next year we should coordinate your two systems and go in on a joint basis. If you have no objections, we will proceed in this manner.

Yours very truly,

Donald C. Norseth
