

January 28, 1963

Mr. Earl Lloyd  
State Engineer of Wyoming  
State Capitol  
Cheyenne, Wyoming

Dear Earl:

Since we are to be in Denver together at the Engineering Committee meeting, U.C.R. Commission, on February 6, perhaps we can discuss the proposed distribution of Beaver Creeks of the North side of the Uinta Mountains in some detail. Mr. Frank Reese will be there with me to make any financial arrangements for us.

Sincerely,

Wayne D. Criddle
