STATE ENGINEER'S OFFICE

Cheyenne

January 22, 1959

Mr. Wayne D. Criddle
State Engineer
Capitol Building
Salt Lake City, Utah

Dear Mr. Criddle:

Receipt is acknowledged of your letter of January 5, 1959 relative to the annual meetings of the Burnt Fork Water Users and arrangements for a joint commissioner in that area for next season.

We thank you for your invitation to attend the meeting at Manila, Utah on March 5, 1959 at 3:00 o'clock P. M. and I will try to be present at that time or have someone from this office at the meeting.

The arrangements of last year appeared to be quite satisfactory and I am sure that we wish to continue using a joint commissioner. There has been some suggestion of a change in water commissioner, but we do not have any other commissioner in mind for 1959 at this time. Mr. David P. Miller of Rock Springs, Wyoming, has been appointed to fill out the unexpired portion of the term of Emil C. Gradert, Water Division Superintendent, who passed away on November 7, 1958, and he will probably continue in that office. I wish to discuss the matter with Mr. Miller, and have advised him of your suggestion of Mr. Jim Briggs of Manila.

If I understand the situation, Utah is now in position to assess the Utah water users or has funds you can use for administration purposes in this area.

I hope to be able to advise you further about

Mr. Wayne D. Criddle

this in the near future.

Very truly yours,

Earl Lloyd
