Senior Adj

June 18, 1926.

George M. Bacon,
State Engineer,
Salt Lake City, Utah.

Dear Sir:

I am herewith inclosing check amounting to \$45.85 for certain plats furnished on my order to a number of water claimants in the case of Richlands Irrigation Company vs. WestView Irrigation Company, et-al.

There has been some delay in remitting this for the reason that these claimants have been somewhat slow, in fact some of them have not as yet sent in their amounts, but I am sending the same so that you will not be inconvenienced longer.

I am also sending copies of orders extending time to file objections to the Proposed Determination in this matter as to a number of claims. Objections in a number of these cases have already been filed and I will have copies sent to you if you desire, but as yet I have not done so as I am expecting to call at your office in the near future.

Yours very truly,

A. H. Christenson
