

June 12, 1925

Mr. Leslie Bowen,

Wellsville, Utah.

Dear Sir:

RE: CEDAR CREEK DIST.:

I am very sorry to have delayed so long advising you of the latest information about Cedar Creek. It was only yesterday that I succeeded in getting definite information from Secretary Sorensen. His letter says that owing to weather conditions the situation has been much relieved down there and he does not consider that the appointment of a deputy will be called for.

I hope the delay in this matter has not interfered with any other plans.

Yours very truly,

GMB/BD

State Engineer
