MAY 19 1925

Mr. George M. Bacon  
State Engineer  
Salt Lake City, Utah

Dear Mr. Bacon:

I am in receipt of your letter of May 16. In reply to same will state that I was at Mt. Pleasant two years ago, dividing the waters on Cedar and Twin Creeks.

I would like very much to assume the same duties this season, providing suitable arrangements can be made.

School closes this week-end, May 22, but in a pinch I could leave at an earlier date. However, I would like to have three or four days notice. Sunday next will find me in Wellsville, Utah.

I would suggest that this year they pay \$175.00 and expenses. This amount would be about the same as before, only it in my estimation will eliminate all possibilities of comments and complaints relative to where I might stay.

However, if the arrangements of two years ago, are the only ones they will consider, it is O.K. with me.

Very respectfully,

  
Julie Bowen
