

State Engineer W. P. Pearson, Wato

Dear Mr. McQuay: April 21st 20

The Cedar Creek High water Irrigation petition and  
your office to appoint a commissioner to distribute  
the waters of Twin & Cedar Creek Sempet. Co.  
To which you replied that it being in the hands  
of the court it was out of your jurisdiction where  
upon we informed you, while the waters of these  
creeks had been in part decreed by the court, the  
water master had never been appointed by the court.  
You sent a representative of your office to further  
inquire into the matter who promised us an early  
reply, but we have heard nothing since. We would  
like to be advised whether we may look to you for a  
reply or whether we must look to the court. Respectfully  
Yours  
W. P. Pearson Secy
