Dear Sir:-

Mr John K. Madsen President of Mountain Tunnel Irrigation Company handed me your letter of the 9th. inst. to answer and desires to file an answer to the petition of the Twin Creek Irrigation Company, but it will take some days to gather together the facts in the case and therefore asks that you grant said company 20 days time within which to prepare and file an answer to the petition from date.

Will you please advise Mr Madsen or myself to this effect by return mail.

CWB/JS

Yours truly
