

September 12, 1935

Mrs. Clara E. Frost,  
Grouse Creek, Utah.

Dear Mrs. Frost:      RE: BOX ELDER DIST.

I have your letter of August 31st in which you again complain about the distribution of water being made on the Grouse creek pipe line.

I hope to have an engineer from this office in that vicinity soon and will ask that he call on Mr. Blanthorn and see what further might be done to relieve the situation about which you complain.

Yours very truly,

T. H. Humpherys  
STATE ENGINEER
