RE: BOX ELDER DIST.

Dear Sir:

I want to thank you kindly for your letter of July 30, in which you have reported on your inspection of the Security Pipe Line Company.

You advise that there are three families who are getting water only intermittently. Will you be kind enough to give me the names of these people.

At any time the conditions change, either for the better or worse, I will thank you for a report relating the matter.

Yours very truly,

T. H. Humpherys, .  
STATE ENGINEER .
